

Tenda Clay™

Tenda-Clay is the simple and economical way to custom blend your own hoof packing, leg clay or poultice.

Indications: A fine mesh Bentonite that will produce 30 to 40 pounds of leg clay or hoof packing when properly hydrated.

Directions: Simply place Tenda-Clay™ into a five (5) gallon bucket, slowly add water and mix to the desired consistency. Once the desired consistency is reached add your own ingredients to make that special leg clay, hoof packing, or poultice.

Ingredients: Bentonite

Precautions: Keep out of reach of children. For equine use only. Do not use on horses intended for food. Wash hands thoroughly after applying. Mix in a well ventilated area and wear a dust mask while mixing. Keep out of reach of children.

Net Content: 15 pounds (6.8 kilograms)
