

**DIRECTIONS:** Shake well before use to reduce settling. Snip top above cut-line. Before first use, gently cleanse affected area and remove all debris. (Thereafter cleanse only if necessary.) Puff powder directly on and around laceration, abrasion or rash. Use 1-3 times per day until bleeding and drainage ceases. Once per day thereafter. When scab size has considerably decreased continue use 2-3 times per week to aid against proud flesh.

**CAUTION:** Not for human use. Do not take internally. Avoid direct contact with eyes. Use in well ventilated area. Use mask if desired.

**INGREDIENTS:** Active: 13% feed grade copper salt (copper sulfate pentahydrate.) Inert: high-purity airfloated kaolin clay, premium Wyoming-grade sodium montmorillonite, bentonite, food grade diatomaceous earth and oregano powder.
